A Message From Chris...

Hello All,
Spring classes are going well. We are enjoying our returning riders & volunteers, & pleased to be working with new riders & volunteers. Sadly, we are still very short of volunteers. When we don't have enough hands, we often have to cut the class in half, so riders only ride for 30 minutes instead of the usual hour. We have also had to transfer a few riders to the summer or fall session to give them a better opportunity to experience the full benefits of therapeutic riding.

Thank you to our amazing volunteers who return every year & to the new volunteers who have joined us. We appreciate everything you do & we are thrilled to have some wonderful friends.

We still need help during the spring classes – right now.

If you can't join us until July please attend our summer Volunteer Training – July 6, 2017 from 5:30 to 7:00p.m. Call, text, or email Toni for more info – 920-277-4968, toniz2006@yahoo.com. If you don't hear from Toni in a couple days call, text, or email me - 715-853-6449, cmbaldwin@frontiernet.net.

Don't give up. We need you & sometimes we don't get your messages the same day you send them.

Check out the calendar for the dates of our Summer & Fall Sessions. Please spread the word about RRR. Volunteering is a great way to share time with your family & friends while helping others in your community.

Check out the notice for RRR Day at the Bullfrog stadium – June 25, 2017. Tickets are on sale now, deadline is June 16th.

Jennifer will be available for a Volunteer Riding Class starting June 21, 2017. Time: 1:30p.m., wear jeans & boots or tie shoes.

See you soon,
Chris

CLASS NOTES

RRR 2017 Summer & Fall Classes:

Classes are almost full. Please contact Toni Zuercher (our Volunteer Coordinator) to sign up to volunteer. In general we need at least 10-12 volunteers every night. Volunteering with friends and family is a great way to get exercise, help people in your community, renew friendships, meet new people, and open new possibilities. Teens will learn horse handling & care, teamwork, understand living with disabilities, develop compassion, experience confidence, find encouragement, learn life lessons, learn to respectfully interact with many different people, & see how simple acts of kindness can help another human being, all in a safe environment. (We do background checks)

VOLUNTEER TRAINING:

DATE: July 6, 2017 TIME: 5:30 – 7:00p.m. Wear barn clothes & shoes. This is hands-on training.
